REV Training & Coaching Presents:

“How to Achieve Self-Excellence”

A Preview for the NLP Practitioner Certification Workshop

The road to self-discovery is not as difficult as you are led to believe. Achieving self-excellence empowers you with the knowledge and tools to influence to inspire. No one knows you better than yourself, and that makes you the perfect candidate to understand clearly how you can achieve peak performance *at all times*.

Join us next Saturday, as **Jeff Tan** and **Dan Smith** open the doors to your hidden potential. You will learn how to:

- discover and understand your own *core values*
- discover your limiting *beliefs* and replace them with useful ones
- set *goals* that are useful and meaningful, and finally
- put them all together so it works.

And it's **FREE!**
